Year 1 phonics screening check

Standards and Testing Agency

An executive agency of the Department for Education

This document provides information for schools on the structure and content of the year 1 phonics screening check.

The document contains:

- a sample list of 40 words in the form of a mark sheet, which teachers will use to record pupil responses (these sample words will not be used in the actual screening check); and
- a set of practice words that can be used to familiarise pupils with the way in which words will be presented in the screening check.

Academic research has found that the best way of teaching early reading is to teach systematic phonics during reception and year 1. This is the most appropriate way of preparing pupils for the screening check.

Structure of the screening check

The screening check contains 40 words divided into two sections of 20 words. Both sections contain a mixture of real words and pseudo-words.

Section 1

Page 1	Four pseudo-words
Page 2	Four pseudo-words
Page 3	Four pseudo-words
Page 4	Four real words
Page 5	Four real words

Section 2

Page 6	Four pseudo-words
Page 7	Four pseudo-words
Page 8	Four real words
Page 9	Four real words
Page 10	Four real words

All pseudo-words in the screening check are accompanied by a picture of an imaginary creature to provide a context for the pupil (naming the type of imaginary creature) to ensure that they are not trying to match the pseudo-word to a word in their vocabulary.

Content of the screening check

Section 1

Administration of the screening check
